Portuguese university students conducted in-depth research on the future of jobs, skills, and careers for each pathway; interviewed Blue Economy sector leaders; Produced videos and Developed a comprehensive report on the Blue Economy Career Pathways: Aquaculture, Blue Biotechnology, Blue Finance, Blue Ocean Technology, Blue Renewable Energy, Blue Shipping, Blue Tourism, and Clean Water Management.

The Blue Economy + Our Youth = A Vision for Our Future

Blue Economy Education Exhibit

A digital resource for teachers to explore the Blue Economy Career Pathways with their students. It features the Ambassador presentations, the Blue Economy leaders' videos and educational tools for teachers and students. Once it's fully funded and developed this could become freely available career guidance tool for Portugal's schools and universities to guide students to join the Blue Economy Generation.
